Term 4

Week 2

25th October 2022

Quote: "Education is the most powerful weapon which you can use to change the world." – Nelson Mandela

Dear Families

Welcome back to Term 4 – I hope you had a restful break. This term is jam-packed full of activities including Transition, PE Week with South Australian Cricket, Barossa Christmas Parade, Yr6 Aquatics and Year 6 Graduation. A term planner is attached with all the dates and activities planned this term.

SRC

Our SRC have a few planned events this term: they will be holding a cupcake stall on Friday 11th November. The SRC will bake and decorate the cupcakes ready to sell for \$1 each. On Friday 2nd December, the SRC will be holding a sausage sizzle at school. More info about both of these events will come out closer to the dates. The SRC will also be running an activity at lunchtime on a

Wednesday commencing this week. These will include:

- Week 2 Basketball
- Week 3 Orienteering
- Week 4 Red Rover
- Week 6 Kick the Can
- Week 7 Skipping
- Week 8 Rabbits Hares Foxes

I am sure everyone will have a lot of fun ☺

Physical Education Week

This year PE Week runs from Monday 14th November to Friday 18th November. To celebrate, Mrs Gogol has organised for the South Australian Cricket Association to come and run some cricket workshops every afternoon from Tuesday to Friday. The R-3 workshop will run from 2.00-2.30pm and the Yr 4-6 workshop will run 2.30-3.00pm. We are looking forward to it and thank you to Mrs Gogoll for organising.

Pupil Free Day

Pupil Free Day Please note the Pupil Free Day on Monday of Week 5, November 14th. Teachers will be analysing achievement data against and Site Improvement Plan goals. We will look at individual student's results to identify learning needs, and focus on areas that have proven difficult for groups of students. This analysis will help us with improvement planning and setting goals and targets for 2023.

We are all looking forward to a very busy term!

Until next time,
Katherine

Introducing our new Pastoral Care Worker

Hi Light Pass Primary School Community! My name is Jolie Zadow and I am the newly appointed Pastoral Care Worker at the school. I have moved to the Barossa Valley from Blanchetown where my husband David and I have a vineyard and have lived for 16 years. We have 4 children, which are 2 sets of twins, ages 13 and 10, but it is actually the addition of a puppy to the family which has made our life chaotic! I have been in the role of PCW at Blanchetown Primary School for the past 3 years and am passionate about working with young people and am so pleased that I can continue in this work at Light Pass. I love doing gardening and cooking with kids and am really excited about the great produce that you have growing already at the school.

I am keen to support the Light Pass School Community in whatever ways I can. Please stop by to introduce yourself and say Hi. I am on site from 8:30am - 3pm on Tuesdays and Fridays and am contactable through the school on 8562 1024.

Free home-based assessment and treatment for 7 to 12 year old children with fear and anxiety disorders.

Does your child become very afraid of certain situations or objects, worry about a lot of things, get very distressed, or try to avoid things they fear?

About the study

Our team at Griffith University may be able to assist you. We are conducting a nationwide study that includes the following services at no cost to families:

- A thorough assessment of your child's anxiety with a trained psychologist via the telephone;
- Your child receiving one of two kinds of home-based treatments delivered on a PC, laptop or tablet; and
- Two follow-up telephone assessments with a trained psychologist 6- and 12-months after treatment to track your child's progress.

The study aims to find out if these two treatments are as effective as each other, and which children have the best response to each kind of treatment. This will mean that there are more evidence-based treatments available for helping anxious children.

About the treatments

Each treatment involves your child completing treatment sessions at home on a PC, laptop or tablet.

Each treatment involves your child learning practical strategies to better manage anxiety.

- One treatment helps children learn to control the focus of their attention on helpful things around them.
- The other treatment helps children learn to think differently and approach things they fear.

Each treatment includes information, telephone or email support for parents in assisting their child to better manage anxiety.

Prior studies have shown that children who complete each treatment experience significant reductions in anxiety.

Contact us

This study is being funded by the National Health and Medical Research Council and is led by Professor Allison Waters and a team of experts in childhood anxiety disorders.
